WILL COOPERATE WITH THE STATE

Georgia Immigration Commission Ready for Business.

TENDER SERVICES TO STATE

Men Will Be Sent to Norway and Germany Under Direction of the Commissioner of Agriculture—Scottish Immigrants Already Under Way.

Atlanta, Dec. 31.—At an important meeting of the directors of the Georgia Immigration association, held in the offices of the Atlanta Chamber of Commerce, it was decided that Georgia has every necessary authority, under the recent decision of Commissioner Straus, of the department of commerce and labor, in the South Carolina case, to proceed with work of bringing a desirable class of immigrants to Georgia.

Following this conclusion, active steps were taken to co-operate with Commissioner of Agriculture T. G. Hudson, who is ex-officio commissioner of immigration for Georgia, in pushing the work.

The recent decision of Commissioner Straus, of the department of commerce and labor, in the South Carolina case was read and its legal bearing was considered.

Governor-elect Hoke Smith stated that he had looked into the question from a legal standpoint and gave it as his opinion that the decision of the department of commerce and labor was in accord with the law.

He said he considered that Mr. Hudson, as commissioner of immigration, had all the authority necessary under this decision and the law to proceed actively in securing and bringing into Georgia a desirable class of immigrants on the responsibility of the state.

Mr. Smith also expressed his hearty interest in the work and his wish to co-operate in its furtherance. He said in substance that he believed the higher the percentage of white population in any community the greater the insurance of prosperity both to the whites and the negroes. He was convinced of this he said, from a study he made during his recent campaign.

Mr. Smith stated he did not consider that the bringing in of a desirable class of immigrants would in any way prejudice the interests of any man or any set of men in the state, but would add to the peace and prosperity of all classes of citizens. It would not, he said, result in taking away the jobs of any laboring man, but on the contrary, the more white brawn and muscle both to the state, the more numerous would be the opportunities for the laboring man to get work and at better pay than they are now enjoying. The farming interests of the state, he said, imperatively demand labor, and he believed it one of the most important questions ever presented to the state for consideration.

President Pope of the chamber of commerce, spoke along similar lines, and pledged the hearty support of that body to the movement.

It was resolved by the directors to tender to the governor and commissioner of agriculture the services of the association in co-operating with the state authorities in every legal way possible in furthering the work of securing a desirable class of immigrants for Georgia.

They gladly accepted the offer of co-operation from the association, and Mr. Hudson stated to the directors that he, as commissioner of immigration, would himself take full charge and direction of the movement, that he would devote every energy to securing for the state the best class of immigrants to be had, and said his efforts would be directed especially to [illegible] England, Ireland, Norway [illegible] be for the best interests of the state and the immigrants themselves.

James A. Strachan of Atlanta, who is now in Scotland under the direction of Mr. Hudson, has an immigration movement well organized, and it is hoped he will be able within the next sixty days to bring over a large number of Scottish farmers.

The immigrants which Mr. Strachan secures will be brought to Savannah, and all immigrants which the state may hereafter bring over will be brought through that port.

Mr. Hanson, who attended the meeting from Rome, and who has already secured a number of immigrants for that city, will be made a deputy commissioner and sent to Norway and Sweden to push the work there.

In addition, a man will be chosen within the next few days to go to Germany on a similar errand, and he likewise will be armed with a commission from Commissioner Hudson.

A state immigration convention will be held some time in the near future, arrangements for which will be made at the called meeting of the directors.

Trains Crash on North British Railway.

HEAVY SNOWFALL THE CAUSE

Danger Signals Failed To Act Through Their Being Clogged with the Snow. The Collision Was a Rear End One. Assistance Interrupted.

Dundee, Scotland, Dec. 31.—In a railroad collision, caused by the heavy storm of the last few days, 16 persons have been killed and over 30 injured.

The accident occurred near Arbroath, on the North British railroad, between Edinburg and Aberdeen, and some distance north of here. Among the persons injured was Alexander William Black, member of the house of commons, from Banffshire, Scotland.

The accident is attributed to the heavy fall of snow, on account of which the trains from London to Aberdeen were held up at Abroath. During the afternoon, however, the line was cleared and one train proceeded for Dundee. It had stopped at Elliott Junction, and the danger signals were thought to have been set. They failed to act, however, through being clogged with the snow, or from some other cause not yet ascertained, and an express train dashed into the rear of the waiting train.

Everything possible is being done to succor the wounded, but the rendering of assistance is attended with much difficulty and the suffering can be alleviated but slowly.

The wrecks of the two trains has been cleared sufficiently to permit traffic being resumed. No further deaths have been reported among the injured.

London, Dec. 31.—A thaw has set in here and the weather condition in the country provinces are ameliorating. The snowbound trains are gradually being dug out and the railroad companies hope that the usual traffic will be resumed in the course of the day.

Edinburg, Carlstad and other large places which were isolated by the storm are again in communication with the other world.

Cleveland Now Convalescent.

New York, Dec. 31.—News of the illness of Grover Cleveland at his home in Princeton, N. His presents were left unopened and hurried messages were sent to four persons who had been invited for the day cancelling their engagements.

The case went to the jury at 7 p. m. and the verdict was reached four hours later. The charge against Colonel Mann grew out of the Hapgood libel suit. During the proceedings in that case Colonel Mann testified that the letters "O. K., W. D. M." appearing on a leter received by him from Count Reginald H. Ward, of London, had not been written by him. In the present case it was charged that Colonel Mann committed perjury when he denied having made the letters in question.

It occurred near Sneads, Fla., when Tom McDaniel, a young man of good reputation, attended a party at the home of a neighbor. There he met the Glisson brothers. A fight ensued and McDaniel's throat was cut from ear to ear.

At Milton, About 20 miles from Pensacola, Christmas night one negro is reported as having been killed and several white persons wounded.

Gratified at Situation.

Tangier, Dec. 31.—The members of the diplomatic corps are very much gratified at the improvement in the situation here. The success of War Minister Gabbas has been more marked than they believed possible. The power of Raisuli has been badly shaken, if not completely broken. Instead of the sultan's troops deserting to Raisuli some of the latter's chiefs have come in and made formal submission to Mulay Mustapha, the sultan's uncle, and it is even stated that Ben Mansour, Raisuli's representative here, who was asserted to have joined the bandit chief, but it now appears, was detained as a prisoner by the minister of war, was really imprisoned at his own request.

San Antonio, Tex., Dec. 31.—S. Watashi, of Japan, enroute home from Mexico to report to his government on the conditions of Japanese laborers in Mexican mines and other works was in San Antonio Friday night. M. Watashi said he found the conditions of his countrymen good in the railroad world, but in the mines conditions were extremely bad. He called the attention of the Mexican government to gross cruelty and injustices in some of the mines and received the promise that conditions would be improved. M. Watashi says Japan does not want another war until recuperated from the last, and certainly not with the United States, which is regarded as a friendly power.

Distress rockets were sent up last night and a life boat put out and searched for hours, but found no sign of the vessel in distress. Nine persons have been found frozen to death on roads in England alone during the past twenty-four hours.

NEGRO SOLDIER ATTEMPTED ROBBERY

When Resisted by Chinaman the Negro Shot Him.

BLACK MADE GOOD HIS ESCAPE

Affair Occurred at Fort Reno, Already Greatly Excited by Attack of Negro Soldier on White Woman—Major Penrose Getting Tired.

El Reno, Okla., Dec. 31.—Resisting an attempted hold-up in his laundry, Lee Sung, a Chinaman, was shot and dangerously wounded by an unknown negro who wore the uniform of the United States army. The assailant escaped. Soldiers from Fort Reno, the sheriff's force, police and many citizens are searching for him.

The numerous outrages perpetrated by negroes, believed to be discharged soldiers of the Twenty-fifth infantry, have aroused public sentiment to an intense degree.

The negro was dressed in the full uniform of the United States army, but it is not known whether he is a member of the negro troops now stationed at Fort Reno, or one of the discharged soldiers. Some of those dismissed for participation in the Brownsville riots carried their uniforms away with them at the time of their discharge.

After wounding the Chinaman the negro ran from the laundry toward the outskirts of the town, but it is believed by the searchers that he is in hiding in this vicinity.

Major Penrose, commanding officer at Fort Reno, when asked what action he had taken and whether the roll of the troops at the fort had been called, refused to discuss the case.

"I am growing tired of this business," he said. "Every time a crime is committed it is laid to the negro soldiers. I won't tell anything about what has been done further than to say that we are doing all possible to aid the police capture the guilty persons."

Ill concealed excitement and intense racial feeling still prevails here over the assault upon Mrs. T. S. Clifford, wife of a prominent physician, by a negro.

While Major Penrose declines to discuss the affair, it is understood that all the regulars have been accounted for and the insult was given either by a discharged soldier or a negro civilian who might have purchased a cast-off uniform. It is understood arrests are to be made soon, but that if possible the fact will be kept secret in order to avoid probable mob violence.

Major Penrose refused to make any statement regarding a report that he has a clew to the identity and whereabouts of the person believed to be a discharged soldier of the Twenty-fifth infantry, who shot and seriously wounded Captain Edgar B. Macklin a week ago. It is believed here, however, that he has secured definite information and that the assailant will be in custody soon.

Major Penrose said that Captain Macklin's condition is showing much improvement, though it probably will require many weeks to restore his health.

The tragedies occurred some distance from Patrick, a remote section of the county.

DEATH OF MRS. CLARKE.

Beloved Wife of Jesse C. Clarke Passed Away Sunday Morning.

The community was deeply grieved on Sunday morning to learn of the death of Alva B., the beloved wife of Jesse C. Clarke, which occurred a little after 8 o'clock on the morning of that day of pneumonia, after an illness of over two weeks. While it was realized that her condition was critical, in fact, almost hopeless, friends and relatives hoped against hope until the end came.

Deceased was the daughter of Dr. and Mrs. W. H. Bracey, and was born in this city May 5, 1871. She was reared here, and when quite young joined the Presbyterian Church, ever since which time she has been an active, earnest Christian, an active member of the Earnest Workers and other church societies. By her Christian, generous spirit she endeared everyone to her, and was loved by all, both inside and outside the church.

Deceased was married to Mr Clarke on April 6, 1893, since which time they have lived most happily together. No husband and wife could have been more devoted, and her death therefore is made all the more sad.

Mrs. Clarke is survived by her father, Dr. Bracy, her husband, one daughter, Lillian, aged twelve years, and one sister, Mrs. Lola Morris, all of whom surrounded her when death came. Miss Eula Clark of Lawrenceville, Va., a sister of Mr. Clarke, was also present.

The sincere sympathy of the entire city goes out to these relatives in their hour of distress.

Funeral Monday Afternoon.

The funeral services over the remains of Mrs. Clarke were conducted at the First Presbyterian church Monday afternoon, Rev. Thos. P. Hay officiating.

Being a member of the Earnest Workers' Society that society attended the funeral in a body.

Despite the inclemency of the weather loving friends faced a blinding mist in order to show the last mark of respect, with the result that the church was crowded. The husband being a member of Gainesville Lodge of Elks that lodge attended the service in a body.

During the service the choir rendered sweetly two favorite hymns of the deceased, "Jesus, My Saviour, Look on Me," and "Lead, Kindly Light." The pastor read a few passages of scripture and delivered a most touching prayer, after which the casket was tenderly placed into the hearse, and, followed by many carriages, the funeral cortege to Evergreen cemetery began. The pall-bearers were Dr. J. Harrison Hodges, Major W. R. Thomas, Dr. W. M. Johnson, E. C. Cobb, L. C. Lynch, Benjamin Miller, W. S. McDowall and W. J. Denby.

The handsome casket was literally covered with flowers of especially handsome designs, among them being an immense wreath of roses, white hyacinths, carnations, asparagus ferns, sent by Gainesville Lodge, B. P. O. E., an immense boquet of white carnations presented by the Earnest Workers Society and a handsome boquet from the Twentieth Century Club. There were also numerous other floral decorations sent in by friends.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

MR. DORMAN DEAD.

One of Gainesville's Well Known Citizen's Passed Away Sunday.

Charles F. Dorman, one of Gainesville's most widely known citizens, for more than twenty years a resident of this city, died at a quarter past 8 o'clock Sunday morning, of paralysis, after an illness of about two years.

Deceased was a native of Kansas, but has been in Florida the greater part of his life. He was about forty-two years of age. When very young his mother moved with him to Florida, locating with him on Indian river. After a few years' residence there, however, they came to Gainesville, where they have since resided. In 1887 he was married to Miss Elizabeth Whidden.

Mr. Dorman has always been an active man, manifesting an interest in everything for the moral and commercial advancement of the city. He was also, up to the time of his first misfortune in the nature of a stroke of paralysis, very energetic, and for years held the responsible position of foreman at the plant of the Eddins Manufacturing Company. Having become incapacitated for work of this character, he engaged in the agency of clothing, and carried a stock of music books. Subsequently he purchased the Central City Barber Shop, and conducted that up to the time he was compelled to take his bed.

Deceased is survived by his mother, Mrs. M. E. Dorman, his wife, two sons, Robert and Albert, and one sister, Mrs. Henry Ramsey, to all of whom the sympathy of friends and the community is extended.

The Funeral.

The funeral was conducted from the residence Monday morning at 10 o'clock, Rev. Thos. P. Hay of the Presbyterian church, assisted by Rev. T. J. Nixon of Kavanaugh Methodist Church, officiating. The concluding services at the grave, however, were conducted by Mount Vernon Lodge No. 20, Knights of Ptyhias, of which order deceased was a member, and which attended in a body. Both services were very impressive.

A large number of flowers were resting upon the casket, as a testimony of love and friendship of those who knew deceased.

The pall-bearers were J. A. Phifer, L. J. Burkhim, John Robertson, Alexander Howe, M. B. Saunders and R. T. Schafer.

DEATH OF MRS. JOHNSTON.

Wife of Captain John B. Johnston Died in Jacksonville Sunday.

Mrs. John B. Johnston, wife of Capt. J. B. Johnston of Dade City, well known in this city, where for several years she was engaged in teaching in the University High School, died at the home of her step-son, W. J. Johnston, in Jacksonville, Sunday night, as the result of a surgical operation performed in Atlanta several days ago.

Mrs. Johnston progressed finely after the operation, and decided in a few days that she would be enabled to make the return trip home. She left Atlanta, but upon reaching Jacksonville felt so fatigued that she went to the home of her step-son, where she was taken to her bed and never recovered.

Deceased was popular here, not only among the faculty and pupils of the school, but with everyone. She was a lady of exceptionally rare integrity, and was a teacher of exceptional ability.

Sympathy is extended to Captain Johnston, who was for years a resident of Alachua county, and also to the surviving children of the deceased.

The remains were shipped to Dade City for interment.

Dangers of a Cold and How to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all druggists.

The elegant home of Gainesville Lodge No. 960, B. P. O. E., which has been under course of erection for the past few weeks, is progressing nicely, and when the building is completed the Gainesville Elks will point with pride to one of the handsomest homes in the South of the kind, for a city the size of Gainesville.

The carpenters and brick masons are busy on the addition, which is of the most modern architectural design. The plans were made with a view to comfort and convenience, and members of the order and their friends may expect comfort there. The rooms will be large and well ventillated, with plenty of light, but will be heated by the most modern steam appliances. In all, the building will be modern from cellar to garret, and something which will be a credit to the city.

As has been previously announced, there will be a big house-warming in January, when the building will be ready for occupancy. Hon. Chas A Towne, Congressman from New York, and one of the leading Democrats and orators of the United States, has accepted an invitation to deliver the opening address, which will be of almost national importance. Congressman Towne is himself an Elk, and a personal friend of Congressman Frank Clark, through whose influence he decided to come to Gainesville.

Engine and Two Coaches Run Wild In Augusta—They Overturn.

Augusta, Ga., Dec. 31.—Whether or not a deliberate attempt was made to wreck incoming passenger train No. 17, from Columbia Friday night has not been determined, but a passenger engine and two coaches, standing under steam in the Washington street yard of the Southern, were deliberately turned loose on the main line and wrecked between Reynolds and Broad streets, in the heart of the city.

The hostler had left the engine but a short time before, and states that the trottle was not leaking. The runaway engine crashed into a dead engine being towed to the round house at the city approach of the steel bridge over the Savannah river. Had the runaway not been stopped in that way, it would have met the incoming Columbia train on the trestle, and a serious wreck would have been inevitable.

The Columbia train had passed the last block, and was aproaching the bridge when the wreck occurred.

C., Dec. 31.—The stockholders of the Bell and Interstate Telephone companies met here this afternoon and united under the name of the Capital City Telephone company with $200,000 capital stock. W. T. Gentry, of Atlanta, of the Bell, was elected president; L. A. Carr, of Durham, of the Interstate, vice president. These and George W. Watts and Julian S. Carr, of Durham; A. B. Andrews, of Raleigh, A. Mupin and Hunt Shipley, of Atlanta, being made directors. The merger becomes effective Jan. 1.

The Grip.

"Before we can sympathize with others, we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that resulted in pneumonia or that has not recovered. For sale by all druggists.

James J. Hill to Retire.

Minneapolis, Minn., Dec. 31.—Jas. J. Hill, President of the Great Northern railroad, has announced that he would retire from active business on July 1, next. The announcement comes from Mr. Hill himself. His successor will be his eldest son, Louis J. Hill, first vice president of the Great Northern.

NEGROES FIRED FROM GARRISON

Eye-Witnesses Tell of Conduct of the Black Troops.

Brownsville, Tex., Dec. 31.—Geo. W. Randall, a retired business man, and his wife testified in the investigation as to the riotous acts alleged to have been committed by members of the Twenty-fifth infantry, negro, being conducted by Assistant United States Attorney General Purdy, at the instance of President Roosevelt here. They live in the second story of a building just across the street from Fort Brown, and swore that they saw soldiers shooting from the inside of the garrison wall on the night of the outrage, the soldiers afterward jumping over the wall and invading the town.

Mrs. Kate Leahy corroborated this evidence and counted 16 negro soldiers participating in the shooting.

Herbert Elkins was with Mrs. Leahy and corroborated her testimony. In all, 20 citizens testified Friday practically to the same effect. Photographs of places fired into were taken and bullet holes counted. A new Springfield army bullet of improved pattern was found imbedded behind a bedroom mirror and will be taken to Washington.

Taft Has No Political Aspirations.

Washington, Dec. 29.—Secretary Taft made the following statement today concerning his presidential asiprations: "For the purpose of relieving the burden imposed by recent publications on some of my friends, among the Washington newspaper correspondents of putting further inquiries to me, I wish to say that my ambition is not political; that I am not seeking the presidential nomination; that I do not expect to be the republican candidate, if for other reason, because of what seems to me to be objections to my availability which do not appear to lessen with the continued discharge of my own official duty, but that I am not foolish enough to say that in the improbable event that the opportunity to run for the great office of president was to come to me, I should decline it, for this would not be true."

North Carolina Postoffice Robbed.

Asheville, N. C., Dec. 31.—The postoffice at Newfound, near Leicester and 11 miles from Asheville, was broken into and robbed. The department was notified through the Asheville office and detectives will take up the matter. The postoffice is located in a store kept by E. M. Ball, the postmaster, and in addition to the stamps taken, the robbers carried off a considerable quantity of goods. They also destroyed or carried away all the letters which were in the office to be delivered or forwarded. The robbers left no clew of any kind behind and unless they are caught trying to dispose of the booty, they will probably not be detected.

How to Prevent Bilious Attacks.

One who is subject to bilious attacks will notice that for a day or more before the attack he is not hungry at meal times and feels dull after eating. A dose of Chamberlain's Stomach and Liver Tablets when these first symptoms appear will ward off the attack. They are for sale by all druggists.

Tore Stitches from Wound.

Macon, Ga., Dec. 31.—Frank Bassett, a young white man at LaGrange, Ga., committed suicide by cutting his throat. A physician dressed his wounds, but Bassett, preferring death to life, tore loose the stitches and bled to death in a few minutes.

TO LEAD PARTY IS BRYAN'S DESIRE

Admits He Will Be Candidate For Presidential Nomination

IN THE STRUGGLE OF 1908.

Nebraskan Deems Honor Too High For Any American Citizen to Decline.—Wants Roger Sullivan Ousted From the National Committee.

Topeka, Kans., Dec. 29.—In an interview here William J. Bryan practically admitted that he would be a candidate for the presidential nomination before the next democratic national convention.

"While I have not yet announced that I would be a candidate," said Mr. Bryan, "I have not stated that I would not be a candidate, and do not intend to. Such a high honor as the presidential nomination is something that no American citizen should decline."

Mr. Bryan declared that he had never stated that President Roosevelt had stolen the thunder of the democratic party, although he said the president was now advocating many things favored by that party.

Mr. Bryan said there was no foundation for the story that had been printed to the effect that he would, if nominated, favor the selection of Senator W. J. Stone, of Missouri, as chairman of the democratic national committee.

"I have never told anyone anything about the organization of the national committee," he said.

"I do not want to see on the committee men who are not good, clean men who want a government, for the people and not for the trusts. I do not care to see men on the committee like Roger Sullivan, of Illinois."

In speaking of the railroad legislation enacted by congress at its last session, he stated that he did not believe the legislation was what it should be, but he thinks that the president took what he could get. He said the giving of railroad passes was one of the most corrupting influences exercised in this country. Mr. Bryan spoke before the Kansas State Teachers' association here on Thursday night.

Bishop A. Coke Smith Dead.

Asheville, N. C., Dec. 29.—Bishop A. Coke Smith of the Methodist Episcopal church, died Thursday night after a lingering illness, although his death was unexpected. He was 77 years of age, having been born in Lynchburg, S. C., in 1849. He graduated from Wofford Colleye, Spartanburg, S. C., in 1873, and immediately joined the South Carolina conference. He was pastor of Cheraw, Columbia, Charleston and other South Carolina points. He was at different times a member of the faculties of Vanderbilt and Wofford. While pastor of Epworth church, Norflok, Va., in 1902, he was elected bishop. Two years ago he removed to Ahseville for his health.

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are NOW OF KNOWN COMPOSITION. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherrybark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Drs. Grover Coe, of New York; Bartholow, of Jefferson Medical College, Phila.; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are *the very best* ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

SPEAKER'S RACE IN ALABAMA.

Joseph J. Arnold Announces that He Will Not Be a Candidate.

Montgomery, Ala., Dec. 29.—Joseph J. Arnold, representative-elect from Calhoun county, announces that he will not be a candidate for speaker of the next house, it having been understood up to this time that he would. He is very much interested in some legislation that he hopes to have enacted into law and will devote his time to getting it through.

The retirement of Mr. Arnold from the ranks of possibilities for the speakership leaves only W. L. Martin and Tyler Goodwyn, both of the Montgomery delegation. The fight, therefore, is a unique one, being between men of the same county, and both having much the same line of friends and followers. Mr. Goodwyn was in the last house and was the author of the capital improvement bill.

Mr. Arnold is working on two special lines of legislation, one to exempt the property of old confederate soldiers from taxation and the other to have the state appropriate money to build school houses in the rural districts.

Smith, Tampa, Fla., writes: "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days baby was laughing, happy and well." Sold by W. M. Johnson.

To Search for Elephant's Ancestors.

New York, Dec. 29.—Henry Fairfield Osborne, of the American Museum of natural history, will sail for Egypt on January 5 to look for the prehistoric ancestors of the elephant in the Sayam desert. In February, 1897, members of a British surveying party unearthed the bones of a small animal which they were sure belonged to a prehistoric elephant of the oligocene age. Morris K. Jessup heard about the find, became interested and organized the expedition which Professor Osborne is to head. The professor will dig in the desert about 70 miles southwest of Cairo.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guranteed at all drug stores. 50c and $1. Trial bottle free.

SOUTHERN PROPERTY VALUES.

For Year 1906 Conservatively Estimated at $19,377,304,710.

Baltimore, Md., Dec. 29.—In its issue this week the Manufacturers Record says:

"The true value of property in the 14 Southern states in 1906 may be conservatively estimated at $19,377,304,710. This estimate is based upon figures of assessed values of the year compiled by the Manufacturers' Record from official sources, some of them coming directly from state executives in telegrams.

"There has been an increase in assessed values during the year from $6,680,429,421 to $7,743,221,884, or by $1,062,782,463.

"A peculiarity of railroad construction during 1906 is that Texas and Louisiana are far ahead of the other states in the record of line built, but Arkansas is close behind them. Texas is away in the lead with a total of 818 miles (she had only about 300 miles of railway in 1905), Louisiana second, with 471 miles, Arkansas third, Mississippi fourth, Georgia fifth, West Virginia sixth, Virginia seventh, Florida eighth and Alabama ninth. Construction of railroads in Oklahoma and Indian Territory has slacked off considerably in the last year or two, but it has developed rapidly in both Louisiana and Texas, each of which promises to make a high record next year. In fact, the outlook for 1907 indicates that very active work will be done. The states projecting over 100 miles of line are Texas, 834 miles; Florida, 503 miles; Mississippi, 426 miles; Georgia, 411 miles; Louisiana, 405 miles; Virginia, 322 miles; Arkansas, 263 miles; Alabama, 226 miles; North Carolina, 207 miles; West Virginia, 160 miles; North Carolina, 207 miles; West Virginia, 160 miles; Tennessee, 151 miles; entucky, 132 miles; Indian Territory, 128 miles; South Carolina, 113 miles.

Serious Trouble Likely.

Chicago, Dec. 29.—The probability of serious trouble between the 42 western railroads and their employees who have demanded a 15 per cent increase in wages became more likely Thursday. The managers of the roads affected met and decided that no action would be taken until the trainmen made fresh overtures. Meanwhile representatives of the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen from each of the roads, met to determine on their demands. The meeting broke up with the threat that "something would be doing pretty quick if they were not recognized."

Jewish Colonization Scheme.

New York, Dec. 29.—The Jewish World of London printed recently an announcement of a colonization scheme, which included a projected settlement near Galveston, Tex. The plan was to acquire land for settlement by Jews who should be brought from Russia and other countries. This scheme was said to have the support of the Rothschilds and it was also said that Jacob H. Schiff had promised to contribute $500,000 if a similar sum was raised. Mr. Schiff said that the matter was in too crude a shape to be discussed at present.

Wise Counsel From the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles I was completely cured—so completely that it becomes a pleasure to recommend this great remedy." A HAPPY NEW YEAR TO ALL.

A happy new year to you, child of today! May you know more of sunshine than of cloud, and more of glee than of sorrow; may your tumbles and bumps be few, your laughter be frequent and long, your play be unrestrained, your sleep refreshing, your dreams pleasant.

A happy new year to you, bright youth and rosy cheeked maiden of our city and country—all happiness in the ambition, the joy, the friendship, the competition and the rewards of school life. Success to you in the endeavor whereby the firm, enduring basis of true manhood and of noble womanhood are laid; with what success comes two-fold happiness—happiness to others and happiness to yourselves. Go forth gaily and confidently into the new year, O, you who are beautiful in the fresh vigor of your youth!

To you, whose lives are hallowed with the grace of maternity, not one but many, many years of happiness! Live long, wives and mothers of this land, to see the lives you have cherished expand into beauty and usefulness; live long to know and feel the sweet rewards of gratitude, of veneration and of love. Survive those hours of pain, of cruelty, of watching and of sacrifice—live through it all, dear, patient martyrs, to share the peace, the repose, the contentment, the compensations of the future, that surely wait for such as you.

A happy new year, too, to you, grandmothers and grandfathers everywhere! Look out upon all around you and see how passing fair the evening is; and all that is to be heard invites contentment and repose. You hear voices, too, that we do not hear—they have never been quite forgotten, and they speak to you in the sweetly solemn twilight of the morning that followeth the evening, and of the waking that cometh after the folding of the hands to sleep.

Yes, to all—the young, the old, the high, the low—a happy new year, a happiness arising from and tempered with wisdom, faith, hope and charity.

England has really found out that there is such a man as Theodore Roosevelt. At the annual Thanksgiving dinner of the American society in London recently the Rev. Edward Littleton, head master of Eton, said President Roosevelt was today the most important figure in civilization. No other person was as interesting to the schoolboys of England as President Roosevelt, whose sportsmanship, honesty and strength had made him the admiration of both English boys and men.

With a prophetic look forward, James J. Hill says: "By the year 1925 there will be in the United States 125,000,000 people, and by the middle of this century, within the lifetime of thousands now living, our population will be more than 200,000,000. Where are these people to find profitable occupation? How are they to obtain the necessaries of life?

The Jacksonville Times-Union is without doubt one of the best State newspapers in the South. Notwithstanding the fact that it has a much smaller population to draw from, it is the peer of any Southern newspaper, and has been one of the greatest factors in promoting the interests of every section of the State.

MINERAL PRODUCTION OF THE UNITED STATES BY STATES.

A new feature of the 1905 number of the volume, "Mineral Resources of the United States," brought out annually by the United States Geological Survey, is a series of tables, compiled by Mr. Wm. Taylor Thom, which shows the value by States of the mineral products of the country.

These products so listed include both certain raw materials and also certain derivative materials in their first marketable condition, which do not appear in the table of mineral products of the United States as a whole. For example, both pig iron and iron ores are included as important products entering into the commerce of certain States, and in like manner are included both pig lead and lead paints; both clay products and raw clay; both coal and its immediate derivatives, coke, gas coke, illuminating gas, ammonium sulphate and coal tar; bauxite and aluminum, and also alum and aluminum sulphate. These derivatives and raw materials are here given, regardless of the consequent duplication of values, in response to a constant demand for this information thus arranged by States.

Study of these tables will afford most people more than one surprise. For example, we think of Colorado and California as our most representative mineral States and yet the actual value of Illinois' mineral products was far greater than that of either Colorado or California last year; more than double, in fact, the value of California's output, for although Illinois has neither silver nor gold it produces great quantities of cement, clay, coal, pig iron, stone and zinc, which are worth much silver and gold in the world's markets.

The sums total of these State outputs for the year run as follows:

Alabama	$ 53,585,288
Alaska	16,483,759
Arizona	41,346,134
Arkansas	4,470,784

General Marcus P. Miller, U. S. A., died at Fort Barrancas, Pensacola, on the 29th of December, aged seventy-one years. He served with honor in a number of Indian campaigns from 1870 to 1878, and also in the Philippines. WOMAN ATTACKED BY NEGRO SOLDIER

Vicious Assault on Prominent Lady Stirs

EL RENO TO LYNCHING HEAT

Brute Grabbed Woman and Hurled Her to the Ground, Exclaiming that the Sidewalk Belonged to Him—The Post Searched for Assailant.

El Reno, Okla., Dec. 29.—Race feeling is at white heat and threats of lynching are heard on every hand as a result of an assault committed on Mrs. T. Clifford, wife of a prominent physician by a negro soldier of the Twenty-fifth infantry.

Mrs. Clifford and her sister, Mrs. S. H. Clarke, were attempting to pass the soldier, when he viciously grabbed Mrs. Clifford around the waist and threw her into the street, exclaiming, that the sidewalk belonged to him.

Mrs. Clarke screamed for assistance, and the assailant fled, escaping before help arrived.

News of the attack spread rapidly, the entire police department reinforced by several hundred men and boys, searched the town and surrounding country, but later the chase was given up.

The negro was in uniform and must return to the post or become a deserter. Word was sent to Fort Reno and all absentees noted.

Both Mrs. Clifford and her sister are positive they can identify the man, and will go to Fort Reno and attempt to pick him from the soldiers who were out of the post when the assault occurred.

Leavenworth, Kans., Dec. 29.—An attempt was made to wreck a trolley car near Fort Leavenworth. An obstruction placed upon the track was discovered in time to prevent a collision. THEY ASK FOR RECEIVER.

Petitioners Charge Company With Irregular Methods.

Birmingham, Ala., Dec. 29.—A petition was filed in the city court here for an interlocutory injunction restraining the Standard Trust company, a Delaware corporation, from doing business in Alabama. The petitioners seek a receiver and charge the concern with irregular business methods.

It is set forth that it has a capital stock of $500,000 and does business in the states of Alabama, South Carolina, Kentucky, Mississippi, Virginia, Arkansas, Florida, Texas and Colorado, and that a contract called an "investment home purchasing contract" is issued an applicant upon the payment of $6 upon delivery and $6 on the 15th of every month for six months, when he will be eligible to a loan of $1,000 to start payment on a home.

The petitioners aver that the scheme or method of issuing the home-purchasing contract involves elements of a lottery and that the scheme is unlawful and void.

Banker Put Behind Bars.

Chicago, Dec. 29.—W. J. Atkinson, the proprietor of the defunct Lincoln bank, of Morton Park, was sent to jail in default of bond amounting to $25,000. The commitment of Atkinson followed a conference between Attorney Ringer, acting for the receiver, and United States Marshal Hoy. It was reported by the marshal and the attorney to Judge Landis, that Atkinson had not given the receiver any material aid in adjusting the affairs of the bank, and the marshal declared that his office could not spare a deputy to remain with Atkinson night and day. The judge then ordered that Atkinson be sent to jail, unless he furnished bonds of $25,000. The commitment took place late in the day, after the hearing in court.

IN BURNING HOUSE NEGRO ACCEPTS DEATH

Rather Than Surrender to a Posse Which

WAS SEEKING TO CAPTURE HIM

After Shooting Another Negro He Barricaded Himself in His Home, Which Was Fired in Attempting His Arrest—Two White Men Wounded.

Selma, Ala., Dec. 29.—Two white men have been badly injured, two negroes killed, and a third negro wounded in a shooting scrape in Mareno.

A. C. Jones, a young negro, shot and wounded another negro during a crap game. Jones then fled and barricaded himself in his house. Lee Pope and Zeke Pope, white men, attempted to arrest Jones, when the negro opened fire, wounding Lee Pope in the face and body with squirrel shot, and shooting Zeke Pope through the right leg and through the body.

A crowd of white men gathered at once and efforts were made to drive the young negro from his house. Bob Jones, father of Alex, tried to carry ammunition to his son, but was shot dead before he reached the door.

Several negroes joined the besieging party and one negro, for a reward of $5, crept up to the house and set fire to it.

Alex Jones never left the house, but was burned to death in the flames.

There was not the slightest rupture between the races, whites and blacks joining in the attempt to capture the negro.

Lee Pope was carried to Selma, where his condition is reported as being critical. Both eyes were put out by the shot. Zeke Pope will recover.

A Thousand Dollars Worth of Good.

A H Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder troubles for years, passing gravel and stones with exeruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." J. W. McCollum & Co.

Purdy at Brownsville.

Brownsville, Tex., Dec. 29.—M. D. Purdy, assistant United States attorney general, accompanied by Major Augustus P. Blocksom, of the inspector-general's department, and W. W. Mercklee, a confidential law clerk to Secretary of War Taft, besides an official stenographer, have arrived here to make another investigation into the facts as to the rioting of negro soldiers here last August. Only two witnesses were examined today and it will probably require several weeks to complete the inquiry. The examination is conducted privately, the witnesses being admitted singly and their sworn statements taken.

ECZEMA COVERED HANDS 11 YEARS

Cracked and Bleeding in Many Places—Became so Bad that Nail Came Off Finger—Tried Many Remedies and Consulted Three Doctors, but Got No Relief—Now Cured and Is Very

PROUD OF HAVING TRIED CUTICURA REMEDIES

"I had eczema on my hands for about eleven years. The hands cracked open in many places and bled. One of my fingers was so bad that the nail came off. I had often heard of cures by the Cuticura Remedies, but had no confidence in them as I had tried so many remedies and they all had failed to cure me. I had seen three doctors, but got no relief. Finally my husband said that we would try the Cuticura Remedies, so we got a cake of Cuticura Soap, a box of Cuticura Ointment, and two bottles of Cuticura Resolvent Pills. Of course I keep Cuticura Soap all the time for my hands, but the one cake of Soap and half a box of Cuticura Ointment cured them. It is surely a blessing for me to have my hands well, and I am very proud of having tried Cuticura Remedies, and recommend them to all suffering with eczema. Mrs. Eliza A. Wiley, R. F. D. 2, Liscomb, Iowa, Oct. 18, 1906."

ITCHING PIMPLES

Resulted from Poisoning. Cured by Two Sets of Cuticura Remedies.

"My husband got a blood disease from wearing woolen underwear. He was all full of pimples, and he had an awful itching. He took a good many so-called blood remedies and nothing did him good. Then we saw in a newspaper about Cuticura Remedies, and they cured him after using in all two sets of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, and now I wouldn't do without Cuticura Soap. Mrs. Harner, 1050 Benners St., Reading Pa., Jan. 25, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children and Adults consists of Cuticura Soap (25c) to Cleanse the Skin, Cuticura Ointment (50c) to Heal the Skin, and Cuticura Resolvent (50c) (or in the form of Chocolate Coated Pills, 25c per vial of 60) to Purify the Blood. WHITES AND BLACKS FIGHT.

Two White Men and Four Negroes Are Injured.

[illegible] Dec. 29.—A shooting affray occurred [illegible] Dentroot, a [illegible] in the interior, in which two white men and four negroes were wounded, the latter seriously. The trouble originated in the saloon, and culminated in the shooting of Bell, one of the sons of J. W. Nichols, and being intoxicated, acted in such a disorderly manner that they were ejected by Nichols and white citizens who were in the store.

Later Nichols closed his store and, accompanied by a Mr. Bryan, started for home. They had gone only a short distance when they were fired upon by the negroes, and both were slightly wounded. They returned the fire, wounding four of the negroes, two mortally.

Officers went from Marianna and arrested [illegible] Nichols, taking him to jail at Marianna, but the other two negroes could not be found, as they could not be moved, and were stationed at the house where they were found, to guard them.

Chronic Constipation Cured.

One who suffers from chronic constipation is in danger of many serious ailments. Orino Laxative Fruit Syrup cures chronic constipation as it aids digestion and stimulates the liver and bowels, restoring the natural action of these organs. Commence taking it today and you will feel better at once. Orino Laxative Fruit Syrup does not nauseate or gripe and is very pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Eve Didn't Hand Adam an Apple.

New York, Dec. 29.—A dispatch to the Tribune from New Haven, Conn., says the modern language association, now in annual session at Yale, has decided that it was not an apple that Eve handed Adam. The association has set aside Saturday morning to decide whether it was not a lemon that caused the trouble in the Garden of Eden.

The Right Name.

Mr. August Sherpe, the popular overseer of the poor at Fort Madison, Ia., says: "Dr. King's New Life Pills are rightly named; they act more agreeably, do more good and make one feel better than any other laxative." Guaranteed to cure biliousness and constipation. 25c at all drug stores.

LIEBERG LYNCHED BY MOB.

Jail at Los Animas, Colorado, Is Stormed.

Los Animas, Colo., Dec. 29.—Lawrence Lieberg was lynched here for the murder of Henry Lavenmeyer, by a mob of masked men.

A [illegible] party [illegible] stormed the jail and [illegible] overpowered the sheriff and other officers and locked them securely in a room of the building.

To the [illegible] door to the cell occupied by Lieberg, [illegible] the sheriff [illegible] his keys and took him from the jail. A larger body of men [illegible] were waiting outside and [illegible] he [illegible] and his captors [illegible] they formed a procession and proceeded a short distance from the jail and halted before a telegraph pole. The self-confessed murderer spoke to [illegible] and made no resistance and met his execution.

The members of the mob offered no violence and no shots were fired during the entire affair.

Before the mob reached the jail Lieberg heard them coming. He arose from his cot, dressed himself coolly and awaited them. The leader of the mob made no effort to disguise himself and it is declared that the ringleaders are known to the jail officials.

How to Avoid Pneumonia.

We have never heard of a single instance of a cold resulting in pneumonia or other lung trouble when Foley's Honey and Tar has been taken. It not only stops the cough, but heals and strengthens the lungs. Ask for Foley's Honey and Tar and refuse any substitute offered. Dr. C. J. Bishop of Agnew, Mich., writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." J. W. McCollum & Co.

Rushed to Barnwell Jail.

Springfield, S. C., Dec. 29.—Following the killing of Tiney Chavis, a white man, by Stephens Clements, a negro, a lynching was averted here by the negro being rushed to the Barnwell jail. Chavis went to the negro's house to collect a small debt, when he was pushed out of the door and shot to death in the yard. Further serious trouble was narrowly averted at the preliminary trial, when a mulatto by the name of Livingston, from New York, forced himself into the trial and began questioning the witnesses. He was roughly handled by the friends of Chavis, sustaining a severely bruised head and a broken arm.

Strike Breaking Firemen.

New Orleans, Dec. 29.—Forty strike-breaking firemen from St. Louis and Cincinnati, arrived here Thursday night and were located at quarters furnished by the Pacific company. It is reported that union engineers are making no objection to the placing of non-union firemen on their engines and this conciliatory attitude of the engineers is said to be due to their opposition to the present demands of the firemen. Rumors have been current here that strike-breakers have been beaten near the Southern Pacific yards on the west bank of the Mississippi.

Death Came at Four Taps.

Charleston, S. C., Dec. 29.—Fire Chief O. G. Margenhoff, for twelve years at the head of the Charleston Fire department, and ex-officer of the National Association of Fire Engineers, a frequent contributor to firemen's and insurance publications, dropped dead at midnight at his residence, coming after a battle with a troublesome fire just as the four taps on the fire bells announced to the city "fire's out." He was about 60 years of age, and was very highly regarded for his intelligence and splendid ability as a fire fighter. He leaves a large family.

Italian Is Killed by Negro.

Birmingham, Ala., Dec. 29.—Anlasius Argiro, an Italian fruit dealer, was shot and killed by an unknown negro on Third avenue. The negro passed the stand and grabbed up a handful of peanuts. Argiro's little son called to the negro to put them down, and the father came running to the front of the store, whereupon the negro turned and fired, killing the elder man instantly. The negro escaped.

SOUTHERN EDUCATORS

Read Progressive Reports From the Southern States.

Montgomery, Dec. 29.—The Friday morning session of the Southern Educational association was taken up with reports from the states, all of which indicated marked progress for the year along all school lines.

There was a remarkable showing of a better tendency as regards teaching methods and a call for higher standards on the part of those who teach. It was also brought out that in most of the southern states there is poor superintendence and the need of better things in this line stressed.

The delegates are agreed with president Abercrombie and Dr. G. R. Glenn, of the North Georgia Agricultural college that it is the duty of the national government to provide two to three million dollars for education in the states and the compulsory education idea is largely favored.

The college women met early and spent the day discussing papers.

Among those present are Miss Beall Martin, of Atlanta, secretary of the Southern Association of College women; Dr. Lillian W. Kohenson, first vice president of the Southern Association of College Women, and Miss Celestia Parrish, of Athens, Ga., a member of the executive committee.

Woman Dies of Starvation.

Pleasantville, N. J., Dec. 29.—Mrs. Frederick Rohr was found dead in her home here a victim of starvation. Neighbors found the husband and five children huddled in the room in an emaciated condition, while Mrs. Rohr was dead in a chair. The husband has been too ill to work, and the family would not ask for aid because of pride.

How to Cure Chilblains.
